

A pleasantly minty scented repellent that spiders find repugnant. Simply spray around windows and doors to leave a barrier that will deter spiders from entering the home. It creates a long lasting protection against spider infestation.

Spray twice a year to keep spiders away!

Directions for use:

1. Ensure area to be treated is clean and dry.
2. Spray all the exposed surfaces.
3. Allow to air dry.
4. Apply the product at least twice a year in the period April-September.

Safe to use around humans and animals.
