## CAT URINE DESTROYER

ENZYME BASED

This advanced enzyme based urine destroyer neutralises and deodorises urine upon direct contact. It breaks down the odour causing deposits, leaving clean and fresh results.

**Caution**

Causes eye and skin irritation. Contact with eyes and skin should be avoided.

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse thoroughly with water. If medical advice is needed, have product container or label at hand. Do not use for medical or hygiene purposes. Do not mix with any other preparations. Do not ingest. If product is ingested, then seek medical advice. Always test on an inconspicuous area prior to use and only proceed when satisfied with the results. Rinse hands after use.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Read label before use.

Contains amongst other ingredients; Enzymes (may cause allergic reaction)

## DRIED-IN STAIN REMOVER

ELIMINATES STAINS | NO SCRUBBING

Penetrates and removes stubborn, dried in organic stains such as food, drink, urine, faeces, vomit, blood and pet stains without the need for scrubbing.

**Caution**

Contact with eyes and skin should be avoided.

IF ON SKIN: Wash with plenty of soap and water.

IF IN EYES: Rinse thoroughly with water.

If medical advice is needed, have product container or label at hand. Do not use for medical or hygiene purposes. Do not mix with any other preparations. Do not ingest. If product is ingested, then seek medical advice. Always test on an inconspicuous area prior to use and only proceed when satisfied with the results. Rinse hands after use.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Read label before use.

Contains <5% Oxygen-based bleaching agents.

500ml e

- Enzyme based formula
- Removes urine
- Neutralises odours
- Fast & effective
- 500ml Trigger

**Directions for use:**

1. Absorb fresh urine with an absorbent pad or paper towel.
2. It is essential to saturate the solid areas and beyond the edge of the stain.
3. Allow the product to work. For fresh deposits, allow a few minutes. For older stains, cover the area with a plastic bag/pad, allowing it to remain overnight.

Note: Old stains/deposits may require multiple treatments.

4. Remove residue with clean water.
