

Meet the Life-Changing Device That All Men Need to Know About

-Brand-new male sexual health device, Maxhim® Manual Erection Vacuum Pump, helps men regain their sex life in a quick, inexpensive, at-home treatment-

11th October 2019 – Hull-based health and wellbeing company, Savantini Ltd, expand their range of intimate essentials for men with brand-new male sexual wellness device, Maxhim® Manual Erection Vacuum Pump, to improve and maintain intimate sensations for men.

The at-home device uses the latest in pelvic healthcare technology to allow the user to achieve and maintain an erection suitable for intercourse.

Lifechanging for the 1 in 10 men who suffer from erectile dysfunction (impotence), the Maxhim® Manual Erection Vacuum Pump (£64.99) utilises suction technology to replicate the natural arousal process in male genitalia. Once the desired result is achieved, the user can simply use one of the provided constriction rings to maintain the erection for intimate pleasure.

The constriction rings available offer a variety of choice for users. With a selection of four ring sizes and two differing shapes, the Maxhim® Manual Erection Vacuum Pump is sure to work with any body shape or size.

Stephanie Taylor, Managing Director of Savantini Ltd, commented:

"Savantini Ltd are proud to announce the addition of the Maxhim® Manual Erection Vacuum Pump to our growing Maxhim® range. This clinically-proven and effective device can help to restore a man's sex life – bringing with it a plethora of health and wellbeing benefits.

Breaking the taboo of male sexual dysfunction is key with this product. Erectile dysfunction is extremely common and becomes even more prominent with age. For improved physical, sexual and mental health, Maxhim® is here to give you a boost!"

The *Maxhim*® Manual Erection Vacuum Pump is available for purchase at www.stressnomore.co.uk
