

Savantini launches NEW Natural Health Supports Contoured Orthopaedic Neck Support Pillow, to help you get the best nights sleep you will ever have.

Savantini Limited, one of the UK's leading healthcare suppliers for medical and wellbeing products for women and men, announce the launch of the Natural Health Supports Contoured Orthopaedic Neck Support Pillow. Orthopedically designed to support your head, neck and spine.

20th February 2019 – Hull based healthcare company, Savantini, are proud to announce the launch of a brand-new product – the Natural Health Supports Contoured Orthopaedic Neck Support Pillow.

Ergonomically designed and manufactured (in the UK). The Natural Health Supports Contoured Orthopaedic Neck Support Pillow is suitable for both side and back sleepers. Reducing pressure on your head, neck and ears.

Made from moisture wicking, hypoallergenic hollow fibre. This pillow promises you will wake up feeling refreshed.

Correct spinal alignment for easy breathing

Perfect for both side and back sleepers, the Natural Health Supports Contoured Neck Support Pillow features an ear recess to reduce pressure on the ears, above which is a small recess for the head.

The neck support area is raised to fully contour to the shape and curve of your neck and to ensure your spine is correctly aligned. With the correct alignment of the spine in the neck area, you will notice a marked improvement in any snoring issues you may have. The airways open and straighten out, allowing the free and easy passage of air down the windpipe without restrictions from relaxed muscles or tissues.

Under the raised neck support area are two recesses to perfectly fit your shoulders, no more forcefully elbowing the bottom of your pillow into place; your shoulders have their own spot to rest too.

Designed and Made in Britain

The Natural Health Supports Contoured Neck Support Pillow is made from a soft and breathable foam of a similar firmness to memory foam. It comes complete with a wonderfully soft jersey cover which is fully removeable for washing. Protecting your pillow from staining and bacteria build up.

The pillow dimensions are 52cm x 30cm x 13cm (20" x 12" x 5")

“No more neck pain”

“I can't believe this odd shaped pillow has had such a big effect on my sleep. It cradles my neck for a perfect night's sleep. Weird shape - which totally works. Best night's sleep for years, no more neck pain.”

Becky, StressNoMore Customer
